

**Fourth Edition.
THE LATEST****DEADLY DEEDS.****A Man and Woman Mur-
dered for Money.****Fatal Result of a Texan's Visit.****ROBBERY AT VINCENNES.**

INDIANAPOLIS, April 20.—At Vincennes last evening Mrs. Kuykendall, upon opening her jewelry case, found that the contents had been stolen. It is supposed that the thieves entered while she was away from home. Loss \$200. No clue to the thieves.

SALOON KEEPER MURDERED.

TOPEKA, Kas., April 20.—Thomas Casey, a well-known saloon keeper and local politician, was found dead near his place of business about 3 o'clock yesterday with a bullet hole in his breast just below the heart. Seven men have been arrested on suspicion.

SHOT BY HIGHWAYMEN.

KANSAS CITY, Mo., April 20.—John Heine, a book-keeper for a large brewery here, was shot in the thigh early yesterday morning by highwaymen and was seriously wounded.

KILLED BY AN OLD FRIEND.

MARSHALL, TEXAS, April 20.—At Uvalde yesterday J. J. Crosey, a young man, visited Sam. Griner, an old friend. During the visit they quarreled, when Griner drew a revolver and shot his young friend through the head, killing him at once. Griner is in jail.

ROBBED, MURDERED AND MUTILATED.

INDEPENDENCE, Mo., April 20.—An inquest was held yesterday on the remains of Louis Teitzel, the shoemaker, who was run over by the Missouri Pacific train last night, and proves conclusively that he was murdered, robbed and then thrown on the track, where his body was mutilated by trains.

KILLED BY A FALL.

QUINCY, ILL., April 20.—August Boss, Sr., aged sixty-eight, one of the oldest and most respected citizens of Quincy, died yesterday from the effects of a fall from a ladder, received the evening previous. He was hanging a door on the left of his barn, and was about through, when the wind blew open the door, knocking him from the ladder.

DIRESTROUS FIRE AT GALLATIN.

NASHVILLE, TENN., April 20.—The entire west side of the Public Square at Gallatin burned at 3 o'clock this morning. Loss \$20,000, fully covered by insurance. The fire is supposed to be the work of tramps who were seen loitering around town yesterday.

National Associated Press to the Star.**EXECUTION OF A CHINAMAN.**

SAN FRANCISCO, April 20.—Judge Dealy has affirmed the constitutionality of the State District Court in the case of Ah Lee and so the dreaded conflict is avoided and Lee will be hanged to day in Oregon.

MURDER MYSTERY UNRAVELED.

KANSAS CITY, Mo., April 20.—The story of the Broomfield tragedy has at last been made straight, and has caused great excitement here. The solution of the mystery was made simultaneously with the arrest of A. J. Thomas and wife, charged with the murder of Broomfield and his mistress, Meda Eldridge. It has been discovered that instead of Broomfield having murdered his mistress in the far-off wilds of Washington Territory, he and his mistress were both murdered by Thomas and his wife near Walla Walla. Broomfield was a wealthy farmer living near Kansas City, but falling in love with his stepson's wife, he sold out his farm and eloped with her, taking \$20,000 in money, but leaving his wife almost penniless.

Thomas and his wife met Broomfield and his paramour in Colorado, after which the quartette went to Washington Territory, January 28th. They left Walla Walla and a short time afterward Thomas and his wife returned with plenty of money and came through to Kansas City. Their appearance here was noted, and the discovery of the body was telegraphed to Marshal Liggett, who arrested Thomas Sunday and his wife yesterday. They answer the description of the murderers and there is not a shadow of doubt that the right parties are caught.

TILDEN AND TAMMANY.**Fight of the Factions at Syracuse To-day.****THE TAMMANY TRAIN.**

National Associated Press to the Star.
SYRACUSE, N. Y., April 20.—The Tammany special train of fifteen coaches arrived at 9 a. m., the only stop having been ten minutes at Utica for refreshments. The night passed quietly, and the majority of the delegates retired early. John Kelly was on the car at Oriskany, and he retired at 10 p. m. He was among the first up this morning.

The correspondent of the National Associated Press interviewed Editor Ellis H. Roberts, of the Utica Herald, to-day. He says the feeling in that section is very strongly anti-Tilden, that the Utica Democrats generally favor Seymour. Roberts says that private information leads him to believe that Seymour would not doubt accept the nomination if tendered unanimously.

The weather at Syracuse is beautiful, and the streets and hotels are crowded

with delegates. The Empire Hotel is Tammany headquarters, and the Vanderbilt House the Tilden headquarters. The general feeling among the anti-Tilden delegates is professedly one of confidence, which has been increased to-day by a comparatively small addition to the representation of Tilden men.

The Tilden contesting delegates from Lewis, Orleans and Cortland Counties have been placed on the rolls as the regular delegation by the State Committee.

In making up the names to appear upon the roll of delegates a number of contesting delegates have been admitted by the State Committee instead of those holding the credentials, in order to assure a majority for the unit rule, and DeWitt C. West, a regular, has among others been dropped. The Tammany delegates are nearly all here and from present indications the proceedings of their Convention will be substantially unanimous.

CONVENTION CALLED TO ORDER.

At 1:30 p. m. the Democratic State Convention was called to order by Lester B. Faulkner. He addressed the Convention briefly and expressed the hope that the delegates would refuse to sacrifice an honest man to a faction. [Applause and hisses.]

The country, he said, was indebted to men "who hand their ballots to inspectors soiled with daily labor. These men will not sacrifice their manhood, and they would not do it to gratify any personal desire of Lucius Robinson."

He stigmatized Hayes' election as an outrage on the public, as he claimed that we rewarded with office those who helped him to the Executive Chair. The mention of the name of Samuel J. Tilden was greeted with long-continued applause, mingled with some hisses.

"Mr. Faulkner said 'No sounder Democrat has ever lived than Samuel J. Tilden.' A delegate, 'He is a coward.' [Applause and hisses.] Mr. Faulkner, 'He is a constitutional lawyer without a superior; he has been forced to endure the foul mouthed aspersions. Whether he would accept an invitation to official power I am not informed.'"

John C. Jacobs, of Brooklyn, was conducted to the chair as Temporary Chairman by Mr. Hill, of Chemung, and Mr. Babst, of New York. E. J. Clark, of Watertown, was made Recording Secretary.

THE TAMMANY BRANCH.
The Tammany men have hung out a banner on their hotel announcing it as the headquarters of the Democratic State Committee.

Tammany is desirous of retaining a foothold in Albany. There is not the slightest disposition on the part of the Tilden men to recognize the Tammany men in any way.

LATER.
Mr. Dorsheimer has been selected for temporary and Mr. Asa Parker for permanent Chairman of the Kelley Convention.

THE CONVENTION COMMENCES.
It was resolved that one person be selected from each Congressional District to appoint a Committee on Credentials. Mr. Brooks opposed the amendment and it was amended that the delegates from each District, whose seats were not contested, form the Committee on Credentials.

Judge Miller, of Seneca, supported the amendment, and a big row began. A hundred voices were heard at once, mingled with applause, hisses and cheers, in the midst of which Dupignon, the exponent of the seventy-two New York men, tried to speak, but was ruled out of order. Mr. Ringer, of Onondago County, made a rattling speech in favor of the amendment.

The New Express Company.

Special to the Star.
LOUISVILLE, April 20.—At 12 o'clock last night the contract between the Adams Express Company and the Louisville, Cincinnati and Lexington Railroad expired, and that between the road and the Union Express Company went into effect. To-day the Union begins to lay its serpentine tail eastwardly over the Short-line and its tributaries, and northwardly over the Louisville, New Albany and Chicago Railway. The Union Express Company has established agencies, offices and delivering facilities at all points in its new territory.

Archbishop Gibbons Goes to Europe.

National Associated Press to the Star.
BALTIMORE, April 20.—Archbishop Gibbons, accompanied by Fathers Curtis and McManis, left Baltimore this morning at 10:45 for New York. They will leave for Europe on the City of Chester on Thursday next.

The Indians.

FIGHT WITH THE MOUNTED POLICE.
OTTAWA, Ont., April 20.—It is rumored here that the mounted police have had an encounter with Indians in the Northwest, and twenty-five policemen have been killed.

Strike of Shovelers.

CHICAGO, April 20.—The car shovelers of W. E. Johnson struck for higher wages this morning. They have been receiving \$2.50 per day, but now demand \$3.
The schooner Erastus, coming from Buffalo laden with 1,255 tons of Lacawanna coal, lay at the yards, but the shovelers refused to unload it. A detail of police was sent, but no trouble occurred.

Obituary.

HON. CHAS. H. FAULKNER.
PITTSBURGH, April 20.—Hon. Charles H. Faulkner, a prominent merchant of this city, and member of the State Senate, died this morning. He was elected to the Senate on a fusion ticket of Democrats and Greenbackers.

The engineers are engaged to-day marking out the ground upon which the new depot for the Little Miami Road is to be erected. The Directors this afternoon are expected to take some action in regard to the erection of the building.

A pair of light pants, supposed to be stolen, are awaiting identification at the office of the Chief of Police.

Emma Ort, aged eighteen, suicided at Allegan, Mich.

TORNADO TORN.**Marshfield, Mo., Swept Away
by the Wind.****Awful Destruction of Life and
Property.****Over One Hundred Lives Re-
ported Lost.****Many Persons Burned to Death in the
Blazing Ruins.****DAMAGE AT SEYMOUR.**

Specials to the Star.
SEYMOUR, IND., April 20.—A cyclone passed from west to east near this city yesterday. The first heard of its destruction was the blowing down of R. D. Clouston's new residence.

The next heard of its ravages was the striking of William Sweeney's barn, near here, and completely tearing off the roof, carrying it some distance in the air. It also blew down his kitchen flue and tore apple trees up by the roots, leveling the fencing to the ground and destroying everything with which it came in contact.

WIND AT DAYTON.

DAYTON, O., April 20.—Yesterday the wind in Miami City picked up part of the roof of Frank McBride's house and carried it into the back yard. A chimney was thrown over before the roof got fairly started, and fell upon the kitchen roof, cutting straight through, and just grazing Mrs. McBride, who was in the kitchen, crushed through the floor. It was an exceedingly narrow escape.

NUMBER OF DEATHS INCREASING.

St. Louis, April 20.—The news from Marshfield is very unsatisfactory. It is almost impossible to get a message through. The only wire working up to 10 a. m. today was kept busy carrying messages from the afflicted people of the town.

One of the latest dispatches received says that the number of deaths resulting from the dreadful calamity can not fall short of one hundred.

It is reported that two women died of fright, their bodies bearing not the slightest marks of violence. Several of the houses were turned completely upside down, and in many instances whole families were buried beneath the ruins.

The most horrifying spectacle witnessed by the survivors was the burning to death of a number of persons who had been imprisoned in the ruins, but were apparently not slightly injured.

Their screams could be heard from the midst of the blazing timbers, but partly because of the panic which took possession of the people and partly because of their inability to render assistance, many were allowed to die in the fire.

AT FREDONIA, KY.

PRINCETON, April 20.—A prominent gentleman living at Fredonia, this county, reports the damage from the storm at that place as reaching \$5,000. All over the county trees were torn up by the roots and swept away, while rail fences were split and broken up into pieces of convenient stovewood size.

FIFTY PERSONS KILLED AT MARSHFIELD.

National Associated Press to the Star.
SPRINGFIELD, Mo., April 20.—A hurricane rased a few miles south of Springfield about 7 o'clock Sunday night, doing immense damage and killing a great number of people. Fifty deaths are reported on James River, six miles south of Springfield, and a great many persons are missing.

The train dispatcher of Conway, fourteen miles this side of Marshfield, report arriving there from Springfield at 11 o'clock, and says he found a terrible devastation from Northview, seven miles west of Marshfield, to the latter point. Trees three feet through are entirely out of the ground, telegraph poles are twisted off, and everything is wrecked. In the town of Marshfield brick as well as frame buildings are torn down.

He did not see more than half a dozen people as he came through the town. The place seemed deserted. Doctors and nurses who came on our train from Springfield, about twenty in number, went from the depot alone to hunt the people, there being no one at the depot to receive them. The relief train was sent from Mansfield at daylight yesterday morning with about fifty doctors, nurses and helpers, and free supplies of provisions, clothing and medicine stores, and also material for repairing telegraph line. The line is down at different points between Springfield and Conway, perhaps ten miles altogether.

The new Catholic Church at Cuba, ninety miles from here, was blown down. No damage was done the railroad except the destruction of one small section-house. The names of the killed and wounded at Marshfield are not received yet, telegraphic communication not being restored at this writing. There are also reports here that the City of Granby, about one hundred miles southwest of Springfield, is greatly damaged.

LATER.

St. Louis, April 20.—From passengers who passed through Marshfield on the St. Louis and San Francisco Railroad, at 8:30 Sunday night, a few facts concerning the terrible disaster are gleaned. A man who came to the depot at the edge of town while the train was there, reported that at 6:30 o'clock a furious hurricane struck the place and leveled all that part of town lying west of the Center Square flat to the ground. The debris immediately took fire in several places, and the flames could be seen at some half dozen points by passengers on the train. Forty dead bodies had been taken out, and many more were supposed to be buried in the ruins or burned up. There were also many living still imprisoned in the debris of falling buildings. All the physicians of the town were killed excepting two, and there was great need of doctors to attend the wounded, some two hundred in number. A relief train with twenty physicians and nurses and full supplies left Springfield yesterday morning for Marshfield.

LIGHTNING IN KENTUCKY.

WILLIAMSTOWN, Ky., April 20.—Thomas

and Joseph Heinrich, residing near Crittenden, were struck by lightning yesterday. Joseph was instantly killed, and Thomas so badly injured that at last reports it was thought he could not recover.

NEW BLOOMFIELD, MO.

MEXICO, Mo., April 20.—A terrible cyclone struck New Bloomfield, in Calloway County, late Sunday night, blowing down the houses of O. L. Heng, J. P. Herring, R. R. Dun, Taylor Munz and H. E. Brown, and wounding several persons and killing Miss Munz. The Baptist Church was completely demolished.

DESTRUCTION AT OTHER POINTS.

LA SALLE, ILL., April 20.—A terrific gale struck this city from the south Sunday night such as has not been known for twenty years. The spire of the Baptist Church was blown off, the tower at the fire engine house, St. Patrick's School, McCabe's blacksmith's shop and engine house, At La Salle shaft and scores of other buildings were unroofed and partly demolished. In Peru a dwelling was lifted from its foundation and carried northward several feet. A school-house in Rockwell was blown to pieces and carried away. Much damage was done in the country south of here by the demolishing of barns, cribs, outhouses, and the stripping of orchards. A freight car on the Central Road was impelled from Toulon to La Salle, a distance of ten miles, at lightning speed.

The damage done by the gale in this locality will amount to thousands of dollars.

OTTAWA, ILL., April 20.—A heavy wind storm puffed over this place Sunday night, doing much damage in unroofing buildings, tearing down fences, blowing in front of houses, etc. The gas factory and building on Main street were completely unroofed. Damage about \$20,000.

WASHINGTON NEWS.**THE COMMITTEE ON "CIVILIZED BUILDING."**

WASHINGTON, April 20.—Senator Wallace, from the Select Committee to Inquire into Alleged Frauds in Recent Elections, submitted a report to-day. They were directed to inquire whether citizens were prevented from exercising the elective franchise, or forced to use it against their wishes. The Committee say their attention was directed by a number of affidavits upon this subject in the State of Massachusetts, and inquiry was prosecuted there and in the State of Rhode Island. The specific allegation was made that the employers of labor in these States coerced their employees to vote as the employers wished, and that deprivation of employment was the penalty for refusing to do so.

The report refers to a number of meetings, at which employers took active part, and states that these meetings were prejudicial to a freedom of action of the employees. The meetings were kept inside of law. The Committee do not find any case in which conspiracy or unlawful combination to coerce voters was disclosed, but the purpose intended was as fully accomplished as if unlawful means had been accomplished. The Committee refer to cases of several manufacturing companies in Massachusetts and Rhode Island where such rigid supervision was exercised, that employees feared to vote their sentiments, lest they should be discharged.

Groups upon the ballot or interference with the right of suffrage or with the modes of the qualification of the voter, are questions which are to be corrected and controlled by the States and not by the Federal Government. Suffrage is under the control of the States and not of the Federal Government. The latter has no voters of its own creation. It can not define who are voters. It can not qualify voters, nor can it protect voters from wrong by inflicting punishment upon those who compel them to improperly exercise their right of suffrage. It may punish for crimes committed in regard to the manner of voting, but the offense against right itself must be punished under State laws and not by Federal statute.

The civilized bull-doing which we find to have existed in the ancient and honored Commonwealths of Massachusetts and Rhode Island is an evil which the people of those States must themselves correct, and your Committee feel that in bringing the facts to public gaze they will help to strengthen a sentiment already in existence, and aid in crystallizing it into such statutory enactments of those States as will correct the evil or punish its repetition.

In conclusion, the report says the House Committee was instructed to inquire and report whether it is within the competency of Congress to provide for additional legislation for the more perfect security of the right of suffrage to citizens of the United States in all States of the Union. They have performed that duty, and whilst they find that improper practices as herein before detailed exist in the States visited, and freedom of choice by voters in these States has been interfered with, and persons practically threatened with dismissal from employment if they voted in opposition to the wishes of their employers, yet they can not find that it is within the competency of Congress to correct this wrong by additional or any legislation, but, on the contrary, the remedy therefor is found with the law-making power of the State in which the wrong is perpetrated.

WHERE SHALL IT GO.

The House Committee on Coinage, Weights and Measures decided to present to the House a bill favoring the removal of the mint machinery at Carson City, Nev., to a point in the Missouri and Valley, where a new mint is to be established. The Committee meets next Saturday to decide at what point the new mint will be located. Chicago and St. Louis will probably antagonize each other on that point.

Death of Ira Wood.

Col. Ira Wood, Ex-Chief of Police, died this afternoon at half-past 2 o'clock at his residence, No. 389 West Third street. The disease was cancer of the stomach, from which he had been suffering for a long time. Mr. Wood came to this city in 1832.

He was the first Superintendent of the C. & H. & D. Railroad. He held the position of Director of the Infirmary until the Work-house was built, when he became its first Superintendent. This position he held until he was appointed Chief of Police, which position he held for two years, with credit to himself and the administration then in power. His remains will be taken to Urbana, Ohio, for interment.

Diabetes.

A sure cure. To this distressing complaint, thousands fall victims. It requires no description. Those who suffer from it know the symptoms perfectly. The unfailing cure for it is Hunt's Remedy, the Great Kidney and Liver Medicine. This great medicine (which is the only known remedy for Bright's Disease) has cured more diabetics than any and all other medicines put together. It afflicted by kidney, liver, bladder, or urinary diseases, try Hunt's Remedy, reader.
